

Scaffold Logistics Quality Policy

Scaffold Logistics is committed to providing services which meet the needs of our customers in terms of Quality, Cost and Programme.

The responsibility for Quality is shared by all employees, both management and operatives. Management provides the equipment, systems, training and leadership and it is then everyone's responsibility to ensure that the appropriate quality level is achieved in every aspect of our operations.

Scaffold Logistics will be;

- Ensuring that all staff are competent
- Ensuring we meet customer, statutory and regulatory requirements
- Setting objectives which are measurable and regularly reviewed
- Working to procedures which seek to continually improve our performance
- Seeking customer feedback
- Seeking to do things right the first time
- Reviewing the Quality Management System to ensure its continued compliance with the Australian Standards

All staff at Scaffold Logistics is responsible for the application of this policy.

Scaffold Logistics will review this policy on an annual basis to ensure it continues to meet all legislative and occupational health and safety requirements.
